

Gone

Fuel

Yeah!

I know
How you're always putting down all your friends
I know
How you think your righteousness will make amends
I know
How that little short skirt always gets you in
I know
How you hold me down just hoping I'll say when

And I know you want to own my soul

Yeah, yeah

I don't know why you
Think that you can stand there on your own
I don't know why you
Always find the time to bitch and moan
I don't know why you
Think you're always right and never wrong
But I know why you're

Gone, yeah

Gone, yeah

I know
How you always get your way with that tease
I know
How you always wanna do just as you please
I know
How you came about those dirty little knees
I know
What you're thinking when you're saying you and me

And I know you still want to own my soul, yeah, yeah

I don't know why you
Think that you can stand there on your own
I don't know why you
Always find the time to bitch and moan
I don't know why you
Think you're always right and never wrong
But I know why you're gone
I know why you're gone
I know why you're gone, yeah

And I know now tomorrow
I've got the sun to shine on me

Yeah!

I don't know why you
Think that you can stand there on your own
I don't know why you
Always find the time to bitch and moan
I don't know why you

Think you're always right and never wrong
But I know why you're gone

I know why you're gone
I don't like you, gone
I know why you're gone
