

## Plunging Into Darkness

Fueled by Fire

evil has taken control  
accepting its morbid ways  
possessed to deceive your mind  
descending from the powers of hell  
listen to the sounds of pain  
the horrid voices of the damned  
feel the fire burn inside  
visions of a horrifying world

plunging!  
your weak and vulnerable soul  
into darkness!  
evil takes control

deliverance!  
evil spirits await  
screams from below as the dark side calls  
evil eye ripping through your soul  
rulers of the depths arise  
turning towards a shadowy grim  
dark minds pullet you from within  
commands from the ruler of hate  
summon the forces of darkness  
damnation through the portals of hell  
forever in endless pain!

plunging!  
your weak and vulnerable soul  
into darkness!  
evil takes control

evil has captured your soul  
hate and despites all you know  
evil has captured your soul  
by plunging into darkness!!!
