Looking out for cars and mortality trying to find some sort of geometry

Avoiding mistakes keep an eye on every step I take

Everything is building and it appears that you're all architect s and engineers

I'm an ex-spectator never let me, never let my, never let my vi sion get in the way of

Here's some questions that the writer sent

Can an observer be a participant?

Have I seen too much?

Does it count if it doesn't touch?

If the view is all I can ascertain pure understanding is out of range

If I make that call why can't I make that change?

I'm an ex-spectator can't you see?
