Kassara tta akkan derashita ara-ra yo wa jitsuni yasushi
Shinji kitta anshin shi kitta a tata fukaki yorokobi
Tatakau wa nagitaosu wa kayowai onore jishin sa
Yari kitte mune wa tte kirei ni chiru no sa □

Min'na honma yo` yaru wa metcha ganbattoru wa
Washi kate maken yo` ni na hisoka ni nanikato tsutomeru wa
Nan mo nakutatte i ya kekka nanzo kattari` wa

Better sit back
Take a deep breath
And you'll know, know, know
Know, know, know
Know, know, know, know

You've been workin' hard, workin' hard
Maybe you don't understand
But I know that you're
Workin' hard, workin' hard
Wish I could give you a hand
Baby, you've been
Workin' hard, workin' hard
Trust the process and be brave
You've been workin' hard
God, you've been workin' hard

Let's sit back, time to relax
Kodō ni makasete jiyū ni odotte
Bow down, show them respect
Teki mo mikata mo koko ni wanēkara
Sit back, time to relax
Kodō ni makasete jiyū ni odotte
Bow down, show them respect
Teki mo mikata mo honma wanēkara

Better sit back
Take a deep breath
And you'll know, know, know
Know, know, know
Know, know, know, know

You've been workin' hard, workin' hard (Ooh)
Maybe you don't understand
But I know that you're
Workin' hard, workin' hard
(I know that you work, workin' hard, yeah)
Wish I could give you a hand
Baby, you've been
Workin' hard, workin' hard (Workin' hard)
Trust the process and be brave
Workin' hard (Workin' hard)

God, you've been workin' hard (Workin' hard)

All we gonna do is to make you happy
All we gonna do is to make you lucky
All we gonna do is
All we gonna do is to make you, make you feel alive
What we gonna do is to make you feel good
What we gonna do is to make you feel, ah!
It's all about others
It's all about brothers
Together, we can touch the sky

('Cause you've been workin' hard, workin' hard)
Maybe you don't understand
But I know that you're workin' hard, workin' hard
Wish I could give you a hand
Baby, you've been
Workin' hard, workin' hard (Workin' hard, workin' hard)
Trust the process and be brave
Workin' hard
God, you've been workin' hard

Workin' hard
(Workin' hard, workin' hard
Workin' hard, workin' hard
Workin' hard, workin' hard
Workin' hard, workin' hard)

Nailed it
Left them in awe
Oh, this world is too damn easy
Trusted it
Completely relieved
Ouch, what a deep joy
What I'm fighting against
What I'll knock out
Is weak ass self in me
I'll do it thoroughly with dignity
Then perish beautifully~

Y'all are doing really great
Working your asses off
I will do my best, too
Do whatever I could
Don't need to have anything
To hell with consequences

Better sit back
Take a deep breath
And you'll know, know, know
Know, know, know
Know, know, know, know

You've been workin' hard, workin' hard
Maybe you don't understand
But I know that you're
Workin' hard, workin' hard
Wish I could give you a hand
Baby, you've been
Workin' hard, workin' hard
Trust the process and be brave
You've been workin' hard
God, you've been workin' hard

Let's sit back, time to relax
Dance freely to the beat of your heart
Bow down, show them respect
There's no enemy or ally here
Sit back, time to relax
Dance freely to the beat of your heart
Bow down, show them respect
There's no such thing as 'friend or foe'

Everybody's doing their best
Y'all are doing really great
Working your asses off
I will do my best, too
Do whatever I could
Don't need to have anything
To hell with consequences

Better sit back
Take a deep breath
And you'll know, know, know
