

Flaws

Fujiya & Miyagi

Every time I argue with a fool, I always lose
Every time I argue with a fool, I lose
Your fundamental FLAWS seam through every single bar
Seam through every single bar, they seam right through

I was right and you were wrong, I was right and you were wrong
I was right and you were wrong, I was right and you were wrong
I was right and you were wrong, I was right and you were wrong
Yes, I knew this song alone, yes I knew

Your fundamental FLAWS seam through every single bar
Your fundamental FLAWS seam through every single bar
Seam through every single bar
Your fundamental FLAWS seam through every single bar
Your fundamental FLAWS seam through every single bar
Seam through every single bar

Everytime I start the fuse of your un-perfect views
Every time a perfect kid obscured my view
Insecurities absolve, disperse like reproductive spores
Disperse like reproductive spores all over you

I was right and you were wrong, I was right and you were wrong
I was right and you were wrong, I was right and you were wrong
I was right and you were wrong, I was right and you were wrong
Yes, I knew this song alone, yes I knew

Insecurities absolve, disperse like reproductive spores
Insecurities absolve, disperse like reproductive spores
Disperse like reproductive spores
Your fundamental FLAWS seam through every single bar
Insecurities absolve, disperse like reproductive spores
Disperse like reproductive spores

Every time I argue with a fool I always lose
I always lose
Every time I argue with a fool I always lose
I always lose
Every time I argue with a fool I always lose
I always lose
Every time I argue with a fool I always lose
I always lose
Every time I argue with a fool I always lose
I always lose
Every time I argue with a fool I always lose
I always lose
