

## Paper Crown

Full Devil Jacket

My kingdom's come crashing down  
Says the king with the paper crown  
I've searched all my life and found  
Only fools gold and this paper crown  
Only fools gold and this paper crown

You can be a king for the day  
Or throw it away  
Rule all the land  
From your castles of sand  
Or war with the world  
For diamonds and pearls  
Or wait by the sea  
For your fate to agree

My kingdom's come crashing down  
Says the king with the paper crown  
I've searched all my life and found  
Only fools gold and this paper crown  
Only fools gold and this paper crown

You can be a king for the day  
Or throw it away  
Rule all the land  
From your castles of sand

Or war with the world  
For diamonds and pearls  
Or wait by the sea  
For your fate to agree

But one day you'll find the tide  
Turning in time  
And all that you've held to decays  
Then Tossed by the wind no works  
Of mice or men  
Could save your soul on that day

The king with the paper crown
