

# We Got The Love

Full Devil Jacket

Running running down the boulevard  
Wa-oh, searching for you, yeah  
Feel the beating of my bleeding heart  
Wa-oh, 'cause my love is true

Do you know where to go when the lights go down  
And you can't see clear no more

We got the love, yeah yeah  
And you can't get enough, yeah yeah  
We got the love, yeah yeah  
And it shines like the sun on the day of creation

(We got the love)

I see the burning of a Babylon  
Wa-oh, two towers at noon, yeah  
The moon is bleeding eclipsing the sun  
Wa-oh, the prophet sees true

Do you know where to go when the lights go down  
And you can't see clear no more  
Do you know where to go when the lights go down  
Do you know where to go when the lights go down

We got the love, yeah yeah

And you can't get enough, yeah yeah  
We got the love, yeah yeah  
And it shines like the sun on the day of creation

(We got the love)

(We got the love)

(We got the love)

No longer blinded by the deception  
Escape the beast through the wil-der-ness

(We got the love)

(We got the love)

We got the love, yeah yeah  
And you can't get enough, yeah yeah  
We got the love, yeah yeah  
And it shines like the sun on the day of creation  
We got the love, yeah yeah  
And you can't get enough, yeah yeah  
We got the love, yeah yeah  
And it shines like the sun on the day of creation

(We got the love)

(We got the love)
