

## Aria of Jeweled Tears

Full of Hell

Thief of one thousand names, whisperer  
The stepless step, the gateless gate  
Diamond jewel perched inside the mind's eye, within reach  
The raining fire, the stinging warmth

You're clawing your way to heaven, but where is your soul?  
Praise!

Pierced by a thousand arrows reduced to carbon atoms  
Joy!

You're probing for weakness, an unwelcome lover  
Praise!

Grasping at a heat you will never understand  
Joy!

Hurtling violently towards the sun  
Hurtling violently towards the sun  
Hurtling violently towards the sun  
Hurtling violently towards the sun

Fallen thief of one thousand names  
Diamond jewel perched inside the mind's eye
