

Burial Practices

Fuming Mouth

Buried deep inside of this ossuary
Desperate for a way out of here

Scratching at the walls
Of this resting place
You put me in here
Let me out

Ossuary
Let me out of this place
Ossuary
Please just let me out

Fuck this life and everyone in it

I won't be discouraged
You can't keep me buried deep
In this place of doubt

Fuck this life and everyone in it
Struggle, suffer, die
I don't give a fuck about you
