

# The Great Equalizer

## Fuming Mouth

Kneel down at the bloodstained frame  
The edge of the blade is calling your name  
Weighted  
Suspended  
Begging to fall  
Begging to drop  
It's begging for your neck

You can't feel the same  
When your choice was to leave  
You pushed me away, you can't feel the same, you already change  
d

When will it be enough?  
Behead their disbelief

Kneel down  
Kneel down

Let the rope fly and the razor fall  
Let the rope fly and the razor fall
