

Timeless

Fuming Mouth

I'm out of time
All that I have tried has failed, still I won't give up
Sands shift on me
Father time has abandoned me
The swinging pendulum won't hold me back
Not here, not now, not ever again

I'm out of time
Out of time
I'm out of time
Out of time

Out of time
Out of time
Out of time
Out of time

I'm out of time
Out of time
I'm out of time
Out of time
I exist out of time
I am out of time
