

Alone

Fun Boy Three

When the lights go out
When I'm on my own
It just doesn't help trying to talk over the phone
You're there
I'm here alone
When I'm here alone

The hours turn into days
Still nothing's changed
When I see you again
What will you say?
Can I stay?

When the lights go out
When I'm on my own
It just doesn't help
Reading the card you sent from home
You're there
I'm here all alone
I am here alone

I am here alone
You are on your own
I am here alone
You are on your own
