

# We're Having All The Fun

Fun Boy Three

We're having all the fun  
We're having all the fun

I live in a flat  
I like Manchester United  
I live with my girlfriend and my cat, we're really happy  
I like watching television  
Wearing duffle coats and moccasins  
Eating crispy pancakes and having mundane haircuts - that's me  
done

We're having all the fun  
We're having all the fun

I live 'round the corner  
I like diggin' up my garden  
I take Buster my dog for the walk at five every evenin'  
That gives my half an hour before the pubs are open  
I go in, sit down and drink until a quarter to eleven, then go  
home

We're having all the fun  
We're having all the fun

We're quite happy to be  
What we've turned out to be  
We won't cause any fuss  
If we're allowed to be us

We're (supposed to be) having all the fun  
We're (supposed to be) having all the fun

I live with a girl  
I used to live with my brother  
I like drinking sweet white wine and smoking lots of ganja  
When I go out to blues  
All the girls can't refuse  
When they see my leather trousers, my gold chain and my kung-  
fu shoes

We're (supposed to be) having all the fun  
We're (supposed to be) having all the fun
