

Get the Rhytm

Fun Factory

Hot steam - boom - shake up the room
turn off the light our light is the moon
we're here - ha - havin' good times -
shake the booty until the sun shines
ladies singing la la la
fellows scream inchala
this is the ball we're having here
celebrate it once a year.

Come on and get the rhythm
The rhythm of the night
Feel the good vibration
We're gonna have a party
Come get the rhythm
The rhythm of the night
It's a happy feeling
We're gonna have a party tonight

Celebrate yes it's on everybody party party to the break of dawn
Baby baby can't you see, I'm in the VIP
Having big fun with Fun Factory, so on -
just for fun, just for you
I'm in the place to be so celebrate with the Fun Factory.
