

Beyond Recognition

Funerarium

The foul reek of decaying flesh
Lays thick within this chamber of horror
Upon the bloodstained altar
A corpse ready for post-mortal amputation

Vile acts of morbidity
An un-ending quest to satisfy
A hunger for violent death
And infernal carnage

Deadened eyes
Lost in trance
As the sharpened blade
Tears into suppurated flesh

Purulent necropsy
Beyond recognition
Dismembering in darkness
Beyond recognition

The eyes of death
A morbid face
Slithering in rancid secretions
The gateway to beyond...
My abhorrent transformation

Beyond recognition

Devoid of all thought
I complete the process of mutilation
The horrid crack of bone
Limbs are ripped free from their sockets
And thrown into a pile

Fetid black blood
Splatted in grotesque patterns
Upon the walls
Slithering chunks of flesh

Soon they will find the remains...

In the shadows of the morgue
A body lay torn to pieces
Infernal evisceration - Invoked damnation
Consume the host of hell
A skeletal feast
Baptized at this horrid scene
A twisted brain decays

Beyond recognition
The purulent stench...
