

The stars will be your nightlights tonight
And I will be your lullaby

They dragged it up
And continued with the beatings
And how you bleed, oh
Yes, you could bleed forever
And it burns and leaves the rope tied tonight
It burns and leaves the rope tied

The stars will be your nightlights tonight
And I will be your lullaby

Another finger lost
What use do you have for those eyes in your head
You took and killed
Everything about me
It burns and leaves the rope tied tonight
It burns and leaves the rope tied

The stars will be your nightlights tonight
And I will be your lullaby
And the stars will be your nightlights tonight
And I will be your lullaby
Good night

So disgusted with it
You took your sweet time
So let's get out of this town
So let's get out of this town
So disgusted with it
And you took your sweet time
So let's get out of this town
So let's get out of this town
And start this day all over and over again

Just like the good old days
You wipe the stains from off of your face
Just forget her and, just forget her and,

Just like the good old days
You wipe the stains from off of your face
And forget her and, just forget her

Best line I heard all day
You're too much of a good thing
Too much of a good thing
