

## Shedding Skin

Funeral Mist

Here is your redeemer!  
Here is your hope!  
Here is your messiah!  
Worship him now!  
Worship him!

Without sin and full of heaven  
Furiously searching our reins and hearts  
888 the hinge is a priestess  
Shedding skin in the sacristy

And if thou be the ONE son of God cast thyself down!  
Cast thyself down!

For we have vowed to poison the sky  
We even brought songs from the city of blood  
Angels kneel as darkness descends  
Shedding skin on the throne of light

Here is your saviour!  
Here is your trust!  
Here is your messiah!  
Worship him now  
Let him in!

Without skin and full of heaven  
Furiously searching our reins and hearts  
888 the lamb is ascending  
Shedding sins in the realm above

And if thou be the ONE son of God cast thyself down!  
Cast thyself down!

For we have come to conquer he lie  
Armed with true sight and the worm that cuts rock  
Crosses bow as the eye opens  
Shedding skin on the throne of light

Here is your redeemer!  
Here is your hope!  
Here is your messiah!  
Worship him now!  
Shedding skin!
