

## I Still Love the High

### Funeral Suits

Arms rip sky apart  
Cast a lover who  
Holds up high our hearts  
Don't go charging  
And don't look to the sides  
I still love the high  
I still love the high

Keep my  
Hands down by my side  
Tape my  
Hands down by my side  
I still love the high  
I still love the high  
I still love the high
