

Shockwaves

Funkadelic

Whoa, I know, hey, mon
The third world is on the one, right on the downbeat
Sending out shockwaves throughout the world, hey, mon
Sending out shockwaves throughout the world
And if I could feel the thrill
A little bit of this hey, a little bit of that
Rock and roll will never die, just a little bit
Whoh-oh, I see my feet covered with snow
I want to take my shoes off and to Jamaica I'll go
Hey, mon, have you seen the way
People get out of trouble? They just groove
On the one
Everybody is down on the one, two
On the one
Everybody is down on the one, two
Mmm, hey just one more time for a little bit
Whoh-oh, politicians are struggling
They're wondering what to do
Meanwhile, on Belle Isle
P.Funk is getting off for you
I'm from the first world, you see
I like to groove, I'm from the first world
Don't won't no problems, don't need no problems
Set up that groove
I'm from the first world
Sending out shockwaves
Whoa-ha ha, hey
Hey, mon
Why you April fool me, mon?
The third world is right on the one
Right there on the downbeat
Hey, mon, I'd rather go dancing
Than have a meeting about your problems
On the one, right there, on the downbeat
Sending out shockwaves
Throughout the world
Sending out shockwaves
Throughout the world
Look at my shoes they're full of holes
Nobody cares, nobody but my toes, sing
I'm a-from the first world
I like to groove, I don't need no problems
Don't want no problems
Set up that groove
I'm a-from a the first world
Sending out, sending out
Shockwaves, shockwaves
Shockwaves, shockwaves
Whoa, I know
Hey, mon
