

Dusk of the Ages

Furor Gallico

I do not belong here
I do not belong anywhere
Time is flowing on senseless to me
I dream of ancient ancient places
And long- lost memories
Of forest of old that whisper to me

Do I want to live the new day
See the dusk of the ages
Senseless is this modern world to me
Take me back to a time of valour
There is where I want to remain
Take me away

(This time is meanigless
Our time is meanigless
Our time is meanigless
Time is meanigless)
I want to feel again
I want to breathe again
To live again!

Now my life apart from mankind
I can live anew
And the wild forest will be my only home
Primeval forces flow
Around me
Inside me
I feel the voices of life
The sound of Infinity

Do I want to live the new day
See the dusk of the ages
Senseless is this modern world to me
Do I want to live the new day
See the dusk of the ages
Senseless is this modern world to me
Take me back to a time of valour
There is where I want to remain
Take me away
