

Enemy Mine

Fury In The Slaughterhouse

I ,Iâ've got my enemy inside of me
I hate this little I thats torturing me
do you know I, I fight against myself and I hate to lose
oh I, I can never say which way my other I might choose

enemy mine
a shiver down my spine
enemy mine

oh do you know I, Iâ'm trying to love you, but Iâ'm so afraid of me
I look at my reflection but is it me I see?
do you know I, sit in a glasshouse and I throw the first stone
I, never get rid of me, when I want to be alone

enemy mine
a shiver down my spine
enemy mine
enemy mine
a shiver down my spine
enemy mine
why can't you
why canâ't you decilne

thereâ's nothing to be concerned about exopt myself and I

thereâ's nothing to be concerned about exopt myself and I

I want to change my skin like snakes do
I want to find the hole in my fence
it seems I block myself
it seems I lock myself
in a cage where I canâ't find the key

I got this enemy inside of me
me, myself and I weâ're not a pretty good team together
me, myself and I weâ're not a pretty good team together

this little devil in me Iâ've got to set him free
this little devil in me Iâ've got to set him free
this little devil in me Iâ've got to set him free
this little devil in me

enemy mine
a shiver down my spine
enemy mine
yeah
