

Kiss the Judas

Fury In The Slaughterhouse

she took you up to the seventh cloud
you had time to fall
is it that what you've been dreaming of
a promise big as the universe
and all the best for free
she ripped you off just when you fell in love

I know how it feels
I know how it hurts
it's the disappointment
that makes you feel so sad
I know you can top it
I know that you will
a smile in your face
one last embrace
to kiss the judas

to kiss the judas

mom is dead and dad's in buffalo
a long way to go
you paid the ticket but she does not come back
enjoy a night under candlelight
if you pay the cheque
her lips so red
and the future looks so black

I know how it feels
I know how it hurts
it's the disappointment
that makes you feel so sad
I know you can top it
I know that you will
a smile in your face
one last embrace
to kiss the judas

I know how it feels
I know how it hurts
it's the disappointment
that makes you feel so sad

I know how it feels
I know how it hurts
it's the disappointment
that makes you feel so sad
I know you can top it
I know that you will
a smile in your face
one last embrace
to kiss the judas

(I know how it feels)
(I know how it hurts)
to kiss the judas
(I know how it feels)
come on kiss the judas

(I know how it feels)
(I know how it hurts)
to kiss the judas, babe
(I know how it feels)
(I know how it hurts)

I know how it feels
I know how it hurts
it's the disappointment
that makes you feel so sad
I know you can top it
I know that you will
a smile in your face
one last embrace
to kiss the judas

I know how it feels
(she's a little judas)
I know how it hurts
(she's a little judas)
I know how it feels
it's the disappointment
(she's a little judas)

I know how it feels
(she's a little judas)
I know how it hurts
(she's a little judas)
I know how it feels
(she's a little judas)
it's the disappointment
she's a little judas
