Future Islands

Here's our chance to make it  
Make this into something more  
Here's my heart, don't break it  
It's all that I ask  
Nothing more

Breaking to your heart  
Called from wild and far away  
Can any fool learn love?  
It's all that I ask  
Nothing more  
Nothing more

So we just lay in bed all day  
I couldn't see  
I'd a cloud in my arms  
But if I asked you, would you say?  
"It's only rain"  
Nothing more  
Nothing more  
Nothing more  
Nothing more

Here I lay me down  
Here I lay me down
