

# In Too Deep

Future Palace

All this rush, all this stress, since I'm young  
Give me calm, give me space, just for once  
It's too much, it's enough, I'm burned out  
No power left, but I'm still working somehow

With this pain in my chest I will never forget  
Where I have come from  
With the mass of this dread it is hard to accept  
That I should really  
Slow things down  
Turnaround  
Hold me close  
Hear me out

Give me time to breath  
'Cause I'm in too deep  
I just can't escape  
Gotta watch out for my own sake

All this rush, all this stress, since I'm young  
Give me calm, give me space, just for once  
It's too much, it's enough, I'm burned out  
No power left, but I'm still working somehow

All this rush, all this stress, since I'm young  
Give me calm, give me space, just for once  
It's too much, it's enough, I'm burned out  
No power left, but I'm still working somehow

All this weight of distress  
Makes it hard to find rest  
I'm so worn-out  
My body's a mess and a head full of stress  
I wish I could just  
Slow things down  
Make no sound  
Hold me close  
Help me out

Give me time to breath  
'Cause I'm in too deep  
I need to escape  
Before it is too late  
Before it is too late  
Gotta watch out for my own  
Sake

I meltdown

Really can't function anymore  
Truly unbearable  
Weary and beat  
This might be my defeat  
Staring into the void  
Left feeling paranoid  
I feel too overstrained  
Can't find a way out

Slow things down

Turnaround

Hold me close

Hear me out

Give me time to breath

'Cause I'm in too deep

I need to escape

Before it is too late

Before it is too late

Gotta watch out for my own sake
