

Parted Ways

Future Palace

Hey there hey there
It's been a long time
But it's time for a goodbye now
Hey there, hey there
It's been a nice time
But it's time for us to grow up
Hey there, hey there
Let us all leave this place
And learn from our mistakes
Hey there, hey there
It's time for a change

Now I'm really close
Losing all my hope
And a day will come
Where I am ending all of this
But at least I hope
That a day will come
When you notice that
We'll be going parted ways

If you dare to look across your zones
If you dare, if you dare to
If you dare to find another home
Where you rise and you feel safe
You gotta listen close
And hear the noises of all you ignored
You gotta realize
There're coming better times
If you know
You know you gotta
You know you gotta leave this place
Behind

And it's time for me to get on now
It's time for me to make my moves
You already had a clue
And I knew

Now I'm really close
Losing all my hope

And the day will come
Where I am ending all of this
But at least I hope
That a day will come
When you notice that
We'll be going parted ways

If you dare to look across your zones
If you dare, if you dare to
If you dare to find another home
Where you rise and you feel safe
You gotta listen close
And hear the noises of all you ignored
You gotta realize
There're coming better times

If you know
You know you gotta
You know you gotta leave this place
Behind

Goodbye let's strike a new path
I walk so fast that I am out of breath
And it's time for our goodbye
Cause we walked in circles and time just
Went by
But I believe
If I just leave you will be alright
And I believe
That you'll be just fine

If you dare to look across your zones
If you dare, if you dare to
If you dare to find another home
Where you rise and you feel safe
You gotta listen close
And hear the noises of all you ignored
You gotta realize
There're coming better times
If you know
