

Twisted

Future Palace

I'm so twisted, I can't look through this
Oh man, I'm a mess, look at my destructive progress

I'm falling apart
Watch me losing piece by piece
Watch me falling to my knees

Watch me fall, watch me cry
Watch me losing my own mind
See me crawl, see me fight
See my madness growing wide
Watch me fall, watch me cry
Watch me losing my own mind
Yes, I'm losing my own mind

I can't look at myself, I am bound to this hell
And I've been looking for help
But I need to manage this inside

'Cause no one else can feel
What we are feeling ourselves
And it's so surreal
How we're all sad while we're here

Watch me fall, watch me cry
Watch me losing my own mind
See me crawl, see me fight
See my madness growing wide
Watch me fall, watch me cry
Watch me losing my own mind
Yes, I'm losing my own mind

Watch me fall, watch me cry
Watch me losing my own mind
See me crawl, see me fight
See my madness growing wide
Watch me fall, watch me cry
Watch me losing my own mind
See me crawl, see me fight
See my madness growing wide

Watch me, watch me going down
I am bound to this hell
See my madness growing wide
I've been looking for help
Watch me go down
I can't look at myself
I've been looking for help

Watch me fall, watch me cry
Watch me losing my own mind
See me crawl, see me fight
See my madness growing wide
Watch me fall, watch me cry
Watch me losing my own mind
Yes, I'm losing my own mind

Fall, cry
I'm losing my own mind
Yeah, I'm losing my own mind
Fall, cry
I'm losing my own mind
Yeah, I'm losing my own mind
