

Wounds

Future Palace

Waiting for you, waiting for you
Waiting for you to get on track
'Cause it's been a while
It's been a while since I felt like that

But I can feel your fear
'Cause you don't want me to be near
So baby let's try to say goodbye
To our older tears

I know it's hard
I'll give you time
But I can't wait to call you mine

You give me chills, give me smiles
So I wanna try so hard
But these wounds they hurt I can't get over it
I'm also scared but it feels so right around you
You make it hard for us to trust in love
Make it hard for us to trust in love, yeah, love

I'm turning so cold, turning so cold
I've tried too many times
To earn your trust that you once lost
To another love

I'm too familiar with goodbyes
I couldn't wait to call you mine

You give me chills, give me smiles
So I wanna try so hard
But these wounds they hurt I can't get over it
I'm also scared but it feels so right around you
You make it hard for us to trust in love

It's so hard for us to trust in love
Is it clear to you yet that I have many big wounds left
It's so hard for us to trust in love

It's hard to heal almost surreal
That there could be a different me
I still feel, I still see
Everything that happened to me
Is it clear to you yet
That I have many big wounds left
It will take some time
But could you stay with me tonight?

You give me chills, give me smiles
So I wanna try so hard
But these wounds they hurt I can't get over it
I'm also scared but it feels so right around you
You make it hard for us to trust in love
To trust in love
