

St. Lucia

Future

Save me

I'm a big dog
I give a bad, bad, bad bitch some bands
I'm on top floor (Save me)
I'm feelin' cocky

I'm a big dog, I can fuck a bitch out of France
I give a bad, bad, bad bitch some bands
I'm on the top floor young nigga, young nigga stand down
I been cocky, treat a good girl like she random
Catch an attitude, I'ma go fuck your friend now
I change the altitude, hoppin' out the Benz now

I got one that's Chinese, she a ten
I made my Hong Kong girls wear snake skin
I be like Tommy Lee on a Pamela Anderson
I been ridin' with a hunnid round drum like a Pakistan
I went and bullet proofed the Porsche Cayenne
I had a rendezvous, I was on an island
Nipsey made it rain outside had an umbrella in his hand (Rest In Peace)
I sold the dope, a triple double did the money dance
I'm in a whole 'nother league when I fuck fans
She should of never gotten this close to me I'ma give her a chance
I don't want to make excuses but she let me do it in the van
I wasn't thinking' exclusive, probably never see her again (Yeah)

I'm a big dog, I'ma fuck my girl in St. Lucia
I ran a check through a money machine then I seduced it
I'm on the top floor young nigga, young nigga stand down
I been cocky, treat a good girl like she random
Catch an attitude, I'm a go fuck your friend now
I change the altitude, hoppin' out the Benz now

My WIFI lit, ten thousand feet off the ground
My bitch play violin that she made in Cape town
Found out I cheated on her, she'll still feed me grapes
Tryna fight temptation, something I need to pray about
Tried to talk to the Pastor, find out he doin' the same thing
Been havin' a secret relationship on his main thing
You ain't no different from me, young nigga tryin' to maintain
I'm going for clarity, I don't gotta change names
I want a stripper but I'm gettin' tired of the same thing
She understand me 'cause I hustle and make it rain, rain
 Fucked me so good I woke up, bought her a plain Jane
The beauty of her and these hoes ain't in the same lane

I'm a big dog, I'm a fuck my girl in St. Lucia
I'm pourin' Cristal like water, baby, no bullshit, yeah
I'm a big dog, I'm a (Brrt) spend it no excuses, yeah
Count the (Brrt) like a machine, make the pussy juicy, yeah
When she give head in bed, she's amazin'
I got a Mediterranean I can't save her
Pour Cristal on you body when you eat pussy, yeah

Catch an attitude, I'm gonna fuck your friend now
I change the altitude, hoppin' out the Benz now

I got one that's Chinese, she a ten
I made my Hong Kong girls wear snake skin
I'm pourin Cristal like water, baby, no bullshit, yeah

I ran a check through a machine then I seduced it
I'm a big dog, I'm a fuck my girl in St. Lucia
My bitch play violin that she made in Cape town
I change the altitude, hoppin' out the Benz now
