But I ain't worried 'bout no fucking I ain't worried 'bout no fucking  
Does sexing on the late night mean that much to ya  
My love don't mean that much to ya  
Fucking these hoes mean too damn much to you  
I just hope up when you fuck a nigga when you finished, he can say that he l  
ove ya  
Now do you feel better bout yourself? do you feel better bout yourself?  
Do you feel better when I love ya, mark my words I'm a ball with without you  
I came home last night to a ménage  
Got my dick sucked I was thinking about you  
I was fucking on a slut and I was thinking about you  
When you're fucking another nigga hope you're thinking about me  
When you laying with that nigga are you thinking about me  
Cause I'm thinking about you  
Gone fuck that nigga get it over with  
Gone fuck that nigga get it over with

I want you to fuck him in paradise  
Cause I wanna be your air tonight  
If loving me in public ain't safe  
You can take my love and hide it, don't give up on me today  
Hold on to me like a true love  
I told you it wasn't true love, I ended up with temptations  
You going out the country, you posting up on IG  
I'm Layed up with my side piece

Now tell me you don't want me  
Tell me that your pussy ain't mines no more  
Tell me your moving on, you don't love me no more
