

## Feel Less Bad

Futurebirds

Everyday is the same day  
Every day is brand new  
When you're raising tiny humans in a hell storm  
And you can't help but be away, every day

I'm afraid to tell my family  
That I didn't make the money  
"Living like a deadbeat"  
Laugh until it's funny

That's why I'm always in a hurry  
To get back to them early  
Just because you didn't beat me  
Doesn't mean that you can join me

I'm feeling less crazy  
But still quite bad  
I'm disappointed in myself  
For being such a drag  
I settled on the party  
Like a cold, wet rag  
If I'm holding onto something  
It's the only thing I have  
To feel less bad  
To feel less bad

I'm afraid to tell my family  
That I didn't make the money  
"Living like a deadbeat"  
I'll laugh until it's funny

But I ain't in no hurry  
And I try not to worry  
I never wanted to fight you  
I just wanted you beside me

I'm feeling less crazy  
But still quite bad  
I'm disappointed in myself  
For being such a drag  
I settled on the party  
Like a cold, wet rag  
If I'm holding onto something  
It's the only thing I have  
To feel less bad  
To feel less bad  
To feel less bad  
To feel less bad
