

Movin' On

Futurebirds

Blew me away like the breeze of the high plains
To the eastern shore
Now I always see your face up and down the streets of our town
A ghost I can't ignore
But I found out the truth, sitting in our favorite booth
Down at the Mexican
Now I know it's real, and I hate how this feels
I wanna give up, but I know I can't

So I'm movin' on, I'm movin' on movin' on
I know the worst is way behind me now
And I ain't never gonna turn around
I'm movin' on long gone movin' on
Know the worst is way behind me now
And I ain't never comin' back to this town

I passed your momma in the road today
I could tell she knew by how she waved
Drivin' a six pack to our favorite field
I found a dollar store standing where our love was made

This place has grown colder and colder
Ever since nanu's been gone
The town we both grew up in's different now
It just don't feel like home

So I'm movin' on, I'm movin' on movin' on
I know the worst is way behind me now
And I ain't never gonna turn around
I'm movin' on long gone movin' on
Know the worst is way behind me now
And I ain't never comin' back to this town

Blew thru the caution light down past the hardware store
25 over down 24
I slammed down my center console
Cause that ain't her spot no more
And I'm gonna forget her

So I'm movin' on, I'm movin' on movin' on
I know the worst is way behind me now
And I ain't never coming back to this town

Yea I'm movin' on, I'm movin' on movin' on
I know the worst is way behind me now
And I ain't never gonna turn around
I'm movin' on long gone movin' on
Know the worst is way behind me now
And I ain't never comin' back to this town

There is a huntin' dawg painted up high on the water tower
And he's pointin' somewhere, and I'm gonna find out
And I know they say you only go so far 'til you end up back down south
But I'm movin' on and I'm gonna find out
And I'm gonna find out
And I'm gonna find out
