

Olive Garden Daydream #47

Futurebirds

Girl let's get stoned
And go out to the Olive Garden
I got a gift certificate my sister gave to me
Said they were never gonna go
On account of the little one
But that kid could eat his way out the bottom of a pasta sea

I don't care where we go
I don't care who we see
Just as long as I've got you
You're hanging on me
Hanging on me

You know I got some travel points
Saved up on the credit card
So throw a bag in the trunk let's get out of town
'Cause those fancy hotel rooms
They were made for a wasted love
And I don't know about you but I got no other plans

We can empty out
The entire mini bar
We'll get drunk order pizzas and skirt til dawn
'Cause I got nowhere to go
There's no one else I care to see
Just as long as I've got you wrapped up in me

And I know that it gets you down
That I gotta take off soon
But all those missin' days they're just gonna fly
And I won't be missin' you
'Cause I'll take you wherever I go
I left some tacos in the fridge for you to remember me by

'Cause I'll never get the flowers back
I know the chocolate just makes you hurt
But I still got the keys to turn your heart
'Cause I don't care where we go
There's no one else I care to see
Just as long as I've got you wrapped up in me
Just as long as I've got you you're hanging on me
