

Put Up, Keep Up

Futurebirds

Just take it, one step at a time darlin'
Don't get ahead of yourself
You might break that neck, break those legs
Just trying to keep up, keep up with me
And no, I'm not going to say that I'm sorry
You brought this onto yourself
It's like you're chasing a flood, and wasting your time
Just trying to keep up, keep up with me

But you say you like the gaps in my teeth
I kinda like the way that sounds
Goddamn I did not get up
For you to break me down
And you're breaking my back
Like I'm some Rodeo Clown
If you keep me up
I might just stick around

Knock 'em down, and do what you do darlin'
It's when the monster comes out, and that's when you start to shout
Could you ever doubt
That I could keep up, keep up with you
You put the fire right out, the roads callin'
I didn't let the dog out, but I did leave him your clothes
And God only knows
Just how you put up, put up with me

Well you say you like the gaps in my teeth
I kinda like the way that sounds
Goddamn I did not get up
For you to break me down
And you're bending those cheeks
Like you're some Rodeo Clown
If you keep it up
I might not stick around

You say you like the gaps in my teeth
I kinda like the way that sounds
Goddamn I did not get up
For you to break me down
And you're breaking my back
Like I'm some Rodeo Clown
If you keep it up
I'm gonna stick around

Stick around
Stick around
Stick around
