

Under Your Spell

Futurebirds

I don't eat
I don't sleep
I do nothing but a dream of you
I don't eat
I don't sleep
I do nothing but a dream of you

You keep me under your spell
You keep me under your spell
You keep me under your spell
You keep me under your spell
You keep me under your spell

In mediumships or possessions
The invasion and the passing
Away of the secondary state
Are both relatively abrupt
And the duration of the state
Is usually short
Whenever the secondary state
Is well developed
No memory for aught that
Happened during it remains
After the primary consciousness
Comes back
The subject during the
Secondary consciousness
Speaks, writes, or even acts
As if animated by a
Foreign person
And often names this
Foreign person
Or gives his history
In old times, the foreign control
Was usually
A lover

I don't eat
I don't sleep
I do nothing but a dream of you
I don't eat
I don't sleep
I do nothing but a dream of you

You keep me under your spell
You keep me under your spell
You keep me under your spell
You keep me under your spell
You keep me under your spell
You keep me under your spell

You keep me under your spell
You keep me under your spell
