

## Acting Up

Futuristic

Been posting in the cut  
Just stacking up, stacking up  
Talk a lot of shit cuz I can back it up, back it up  
Ain't talking 'bout no pope  
But I've been wrecking up, wrecking up  
And when we step outside  
You know we acting up, acting up

Been posting in the cut  
Just stacking up, stacking up  
Talk a lot of shit cuz I can  
Back it up, back it up  
Ain't talking 'bout no pope  
But I've been  
Wrecking up, wrecking up  
And when we step outside  
You know we  
Acting up, acting up

Yeah  
I don't go out too much  
But if I do it pay me  
I feel like a young Jay-Z  
Sick flow Maddie got babies  
Other these preppers my babies  
I do it like some shady  
I put on a fit and they copied a drip  
Not a Hawaiian but when they come  
Blame me

I've been quarantine  
Stuck in a house  
But I'm wood in green  
Build this shit  
Out of nothing  
And I got a jump  
And that boy got a home machine  
I'm with Kris King and that's royalty  
Big man and no boy in me  
I see what you all do  
I tried to help you out  
But you're pride too big  
Disappointed me  
So I'm stacking, uh  
Acting, uh  
My lady come and back it, uh  
She can tell you that I'm packing, uh

Like I got a plane to catch  
She thought that I'm mean  
Like we're playing catch  
I'm OBJ  
I have one leg  
Put a glove on  
When I touched down  
I squirt quick  
And I get bread, uh

You know you do it better than I  
I've been a-chose so I never could lie  
I've always been an incredible guy  
Can you BZ, I'ma let you decide  
Do this for my whole team  
Spit, don't  
Never OD  
I catch the check  
And I'm back to bitch  
She give me face  
Like a no drink

We hustle, we hustle  
Stack confetti on Fetti  
Care too much for the street  
Bitch I'm cold as a yeti  
My hoes never forget me  
Straight shootin' like Regi  
I got the sauce like spaghetti  
My five chains are heavy  
First you need you are playing  
And next execution is keep  
You have to pay for the service  
This cuz quality ain't cheap  
Look homie, nothing is free  
I'm giving dime for the fee  
I'm going ate like my T  
Smoking no G but a P  
I got my Rex in its safe  
Been on a mission to safe  
We ain't now rushing to take  
Up late just tryin'a be great  
While keeping food on a plate  
Just hustle and motivate

Put the cash over fame  
And smoking zip everyday
