

Ain't Sayin'

Futuristic

Uh

You say that you proud of me, you down to ride with me
Why do you lie to me? I know you're guidin' me
And talk nice on the side of me but hate on me constantly
You always gossippin', I need apologies
You ain't sayin' shit now, ain't sayin' shit now
Ain't sayin' shit now, you need to sit down
You ain't sayin' shit now, ain't sayin' shit now
Let me talk my shit loud, get up off my dick now, yeah

Yo, out here rackin' like we buddy, buddy (Uh)
Met your ass a long time ago, now you want me dead like that kid Cudi
When the kid buzzin', then you come around
But you talk down and that shit ugly (Uh)
Actin' like it ain't destiny mixed with hard work, and I get lucky
You pitiful, never miserable like

And it's difficult, you wanna be by my side
But it's fictional, that love for me is a lie
Yo, and I don't got time to waste, I came here to prosper
Niggas be actin' like they really with me
I think that somebody should give them a Oscar
Give them a sponsor, they addicted to everything you see online (Ayy)
Take credit for what they don't do (Ayy)

They tryna hate but it's fear
Go with your value, ayy, y'all need to look in the mirror (Hey, hey, hey)
They were tryna shoot me down but I was born to fly
I ain't losin' when I got these angels in the sky
Thinkin' that they slick but I could see right through the lies

Hit to the clip and then reload it (Got it)
