

Benz

Futuristic

Used to take the bus, I take the Benz
Used to blow me off and now you up in my DM's
Oh that's strange
Used to take the bus, I take the Benz
Crazy now that everybody wanna be my friend
Oh that's strange
Used to take the bus, I take the Benz
Used to blow me off and now you up in my DM's
Oh that's strange
Used to take the bus, I take the Benz
Crazy now that everybody wanna be my friend
Oh that's strange

Used to hate them
But I am not tripping no more
Fame's overrated
I cannot walk through the door without taking pictures
I'm in the rush right now having a lunch with my sister
I missed her (damn)
Used to want this
I always wanted to be the topic of discussion
Everyone's worse when they get it
They always gon' love this
Okay you're right, you're right I fuckin' love this
'cause I got it jumping
Why would I complain about a life that I asked for
Getting cash more, getting ass more
And I'm up at the game on the floor by the players I tell 'em to crash board
s
And it's all in a day 24 like the clock on a backboard
Got my dad straight, 'cause I stack more
Got a baddie, ride shotty, her feet on a dashboard 'cause I

Used to take the bus, I take the Benz
Used to blow me off and now you up in my DM's
Oh that's strange
Used to take the bus, I take the Benz
Crazy now that everybody wanna be my friends
Oh that's strange
Used to take the bus, I take the Benz
Used to blow me off and now you up in my DM's

Pull up on 'em in a brand new Benz
Make a text girl and hit your friends
Sheesh world boy I set them trends
Bars on them now that's the pen
Pull up on 'em in a brand new drop
Crib big it take off the block
My DM is all filled with models
All of them wanna give me top
I'm cool off that
Yeah, if you don't speak the language I ain't in the mood for that
Yeah, oh you bad you think you need attitude for that

Yeah, my money is dummy that boy done got stupid cash
Running the game did it super fast, I got the juice like that
I don't do nothing if I don't want to
I be at the house with the old number
If you really knew me you can hit me up
If you fronting on me it's a cold summer
Back up off me if you used to hate
Say what up if you showed me love
Shake my hand if you showed respect
They know it's me when I'm pulling up 'cause I
