

Dead To Me

Futuristic

Dead to me

Uh

I thought you was done with your shift
So I called you at ten
'Member I was s'posed to pick you up
Felt off so I asked where you been
You said out with your friends
But the story just ain't addin' up

I've been wonderin' why

You said it was all in my head
Put a cross in your chest
If you lie then you're dead
You said it was all in my head
While you laid in my bed
But you lied so you're dead to me

It's just polaroids with your friends
Tell me I don't gotta worry
You've been workin' late lately
The mood swings never end
Now you're tellin' me you're sorry
You've been seein' him baby

What the fuck is goin' on
You did me dirty did me wrong
I should've known it all along
But now I think we're too far gone

You're dead to me
You said it was all in my head
Put a cross in your chest
If you lie then you're dead
You said it was all in my head
While you laid in my bed
But you lied so you're dead to me

You said it was all in my head
Put a cross in your chest
If you lie then you're dead
You said it was all in my head
While you laid in my bed
But you lied so you're dead to me

Cross your heart and
Hope to die
Stick a needle in your eye
I still can't believe you lied
Please do not apologize

You said it was all in my head
While you laid in my bed
But you lied so you're dead to me

Dead to me
You're Dead to me
You're Dead to me
Dead to me
You're Dead to me
You're dead to me
Dead to me
Dead to me

You're dead to me
You're dead to me

You said it was all in my head
Put a cross in your chest
If you lie then you're dead
You said it was all in my head
While you laid in my bed
But you lied so you're dead to me

You're dead to me
So dead to me
So dead to me
You're dead to me
So dead
So dead to me
