Futuristic

Yeah... y'all know who the fuck I be  
"Game please don't sign Futuristic  
He sounds like Drake going through puberty!"  
Shut up, I'm 'bout to one-take this shit  
Look

The only time I feel fly is when I stage dive  
Murdering these rappers then going to court for hate crimes  
Before you see me on the news via Dateline  
I'm watchin' ya girlfriend, finger fuck herself through FaceTime  
I'm that average rapper posted on they channel  
Spittin' like a camel, flyin' off the handle on these hatin' kids  
I'm a make a foundation for you fakers; yo life I'm 'bout to take it  
But before that - you should 'Make a Wish'  
Wishful thinkin' no 'Mercy' like I'm with G.O.O.D. Music  
Makin' good music, makin' y'all look stupid!  
I got ya girlfriend naked like Roofus  
Mole rat, ya flow's wack, Mr. I Had To Do It  
Talkin' ruthless through computers, makin' a big illusion  
Sayin' things but you don't do 'em  
I'm just askin' you to prove it  
I'm askin' you faggot dudes, to rap like you have a clue  
Before I have to 'Act a Fool', somethin' like Luda  
Goddamn that boy's sick, undefeated like Floyd's fists  
Injected I'm hittin' 'em all with roid kicks  
This ain't a game but yo main thing on my joystick  
Please do not harass me I snap and I get annoyed quick  
That boy rich, not at all, but I'm about to be  
Mitch and house-woman party for people that doubted me  
Take 'em to the top floor, and throw 'em off the balcony  
Lookin' hella sharp like a motherfuckin' falcon's feet  
Damn, I shoulda been on the original  
'Don't Mind If I Do' had y'all thinkin' my skills was minimal  
'Chasing Down a Dream' just dropped so you should go and get a few  
After they hear my shit I bet they be on my genitals  
Been ridiculed for sounding gay  
Your bars are hardly straight you party lame  
Mixed with mediocre in a garbage way  
After-party I'm pourin' a barbie Chardonnay  
Take yo girlfriend to the alley like it's garbage day  
I'm actin' like I already made it  
But the fact is I ain't done shit, and I'm madly underrated  
Niggas hatin' ain't no debatin' every track I be slayin'  
All my moves is calculated like I'm playin' Operation  
This conversation from me to you - I quit school to chase my dreams  
I told my mom I would achieve and I'm a see 'em through  
So I don't speak on things that you ain't never seen me do  
So every line I drop in every song you best believe is true...

Beat it in the head 'til the flow sick FV  
WTF Gang, uh, and uh
