

# Drinkin & Drivin

Futuristic

You was a punk so I got drunk  
Cause you was wilin' up in the club  
I lay my eyes on you you was with some scrub  
But you need TLC  
I'm not who I was  
When you met me

Now I'm takin' shots until I'm numb from the waist down  
Take another hit and I just can't feel my face now  
Could have anyone I want, but I want you  
We can do whatever you want...

I'm drinkin' and drivin'  
Myself crazy  
I hope you text me  
"Get home safely"  
I'm in an Uber  
Goin' eighty  
I hope you'll text me like  
"I miss you baby"

I'm drinkin and drivin' myself crazy over you  
I'm drinkin and drivin' myself crazy over you

And you be actin' up when you be drinking  
It usually wouldn't get to me, but this been every weekend  
And e'rbody see it, it ain't me, nah  
I ain't tweakin' and honestly  
It seem like you got  
Someone else you freakin

Now I'm takin' shots until I'm numb from the waist down  
Take another hit and I just can't feel my face now  
Could have anyone I want, but I want you  
We can do whatever you want...

I'm drinkin' and drivin'  
Myself crazy  
I hope you text me  
"Get home safely"  
I'm in an Uber  
Goin' eighty  
I hope you'll text me like  
"I miss you baby"

I'm drinkin and drivin' myself crazy over you  
I'm drinkin and drivin' myself crazy over you

I'm drinkin' and drivin'  
Myself crazy  
I hope you text me  
"Get home safely"
