

# Feel Me

Futuristic

Yo

Get your hand out of my pocket  
Who's mans is this? Why is they stacked, damn  
You big mad homie, what you lookin' at?  
You tryna plot on me 'cause of my profit  
They know I'm a profi, I been in a cockpit, aah  
Fly as ever, high as ever  
Rise another level, I been crazy  
Climbin' up the settle  
Better off without 'em  
Let 'em hate me  
Diamonds in my bezzle  
That's a gift I got my homie appreciate me  
Always lookin' out, things is workin' out  
That's what happen if you never lazy  
I got a jump on it, ayy  
I put a rush on it  
In love with the life that I made, uh  
I had a crush on it  
Painted the pictures so vivid  
I put my brush on it  
My momma was astonished  
I got 'em stucked on it

I made 'em look  
I got 'em shook  
I made a flitch  
Two hits for the books  
You gotta feel what I'm sayin'  
You gotta feel me  
You gotta feel what I'm sayin'  
You gotta feel me  
I made 'em look  
I got 'em shook  
I made a flitch  
Two hits for the books  
You gotta feel what I'm sayin'  
You gotta feel me  
You gotta feel me  
You gotta feel me

Yo, get your bad vibes outta my circle  
Yo, don't make me have to come hurt you  
They talk to me like I'm still urcle, uh  
Like I ain't go commercial  
Had my song under a commerical  
Makin' all the plays like I'm hershell  
Walk home homie  
I'ma do this when I have to had  
I had to walk around me, uh  
Did it when I had a walkie-talkies  
Back in the math class when a partner taught me, uh  
Still got all the guys with me  
You girls thick highs with me  
Used to call me small fry  
Now they get up in a ride with me  
Where's the mic, 'cause I slide litty

My girl don't like Gucci and Fini, so we  
Mobbin' on the low  
Vibin' on the low  
Decide were we should go  
Flower to the coast  
Gotta make a toast  
Got it on my own  
You show me the support  
That we all about the globe

I made 'em look  
I got 'em shook  
I made a flitch  
Two hits for the books  
You gotta feel what I'm sayin'  
You gotta feel me  
You gotta feel what I'm sayin'  
You gotta feel me  
I made 'em look  
I got 'em shook  
I made a flitch  
Two hits for the books  
You gotta feel what I'm sayin'  
You gotta feel me  
You gotta feel me  
You gotta feel me
