I'm the only one doing what I'm doing, these rappers is all pursuing, Futuristic really did it  
Young nigga with a grind so tough can't nobody tell me nothing cause I'm in to the finish  
Dropping more records than the guinness, got them skittish niggas sick, I need to take them to the clinic  
A couple bitches got me looking like I'm winning, at the studio, I tell them that I'm leaving in a minute  
I be that, they know how I does it, these hoes hoping they get invited  
She test me all day and I don't say a thing, I send her the address and she getting excited  
You can bring friends to the party, they gotta be naughty, my darling is private  
Four shots of liqour, enjoying the mali, they all getting naked and showing they privates  
I be that, this a sauce man, WTF gang  
If you hating, I can make you dissapear, like David Blaine  
Five bad bitches in my whip, I don't know them by name, I call them Danity Kane

I bring the heat, like I'm chilling with Wade, cause I be that

Okay, I kinda got it popping, homie, quitting's not an option  
And I'm killing all these rappers, pull up yellow tape caution  
And these niggas selling out, like paintings at an auction  
It ain't over 'til the fat lady singing, this the opera  
I was born to ball, I know you saw  
That a young dude got the juice like oranges, dog  
You say you the best but you know you wrong

Cole world like J. Cole, y'all bootleg like faygo  
My shows look like day glow  
I need a chick that move her hips, like J-Lo  
Sitting 'til I can't stand up, shine so bright I might tan ya  
Who they favorite rapper, they picking me like a teacher  
I'm a student who should put they hand up  
And I ain't never had a hand out  
Even when I'm sitting down, boy, I stand out
