

# I Look Good

Futuristic

(Yeah)

(I ain't gon' lie)

I look good

I look good

I look good

I look good

I look good too

I smell good too

I feel good too

I do good too

I look good (I look good)

I smell good (yeah, yeah)

I feel good (yeah, yeah)

I do good too (sheesh)

I look good too (yeah)

I smell good too (yeah)

I feel good too (sheesh)

I do good too

I look good (I look good)

I smell good (I smell good)

I feel good (I feel good)

I do good (I feel great)

I taste good too

(You wanna kiss)

I rap good too

(Would you look at this?)

Okay, before you leave comments

And bring me that drama

'Bout boy, you should stop and then get off the rack

Can you jack in your shit?

Do another where hops and I grew up with you

Lately, I've been watching well

Welcome back

I'm better now than then

And that's a fact (oh)

Would you look at the way that I switch flows

Back then, I would always hit blows

Look at the way that my life went

I wouldn't trade out with pissed po's

Everything that I did made me

Now there really ain't nothing can break me

I'm in the league of my own too

Nobody can duplicate me

I'm trying to show you that fame and that glamour is pain

Social media has led us astray

All of your idols really go insane

How many ever gonna pass away?

You are only money unless you took freedom  
Please don't buy any of the things that they feed you  
They gonna use you until they don't need you

(Wait, what was I talking about again?)

I look good  
I smell good (yeah yeah)  
I do good (I do great, alright)  
I feel good (ayy)  
I look good (I do)  
I do good (okay, yeah)  
I smell good (I smell)  
I feel-, that's not the right order

I look good (ayy)  
I smell good (ayy)  
I feel good (wa)  
I do good (yeah, yeah)  
I look good too (ayy)  
I smell good too (it's true)  
I feel good too (hey, you)  
I do good too

Honestly I feel, I feel amazing, you know  
Um, it's been a great day  
I smell good too, sheesh
