

Lil Bit, haha, yeah

Yo, I just need a lil drink in the solo
Lil day at the pool, Marco Polo
They really can't see me but the shit is not a game
Spit a lil bit of flame and you know so
I just need a lil tree for the cataract
I just need a lil freak got the baddie back
But she do it on her knees but a lady in the streets
If she dance might hit a lil cabbage patch
And you know

All I really need is a lil bit of this, lil bit of that
All I wanna be is a lil bit of this, lil bit of that
All I wanna see is a lil bit of this, lil bit of that
I ain't tryna OD just give me a lil bit of this, lil bit of that
Lil bit of this, lil bit of that
Lil bit of this, lil bit of that
Lil bit of this, lil bit of that
I ain't tryna OD just give me a lil bit of this, lil bit of that

Lil bit of blackbear bumping while I'm hittin hella jumpers, hit the button
and I'm switching it to 'bino
Make a couple thousand when I'm up in the casino
Dapper lil rapper when I'm up in a tuxedo
Keep the raw papers, roll thighter than tacidos
Lil bit of cheese and a dip like free though, lay
Island everyday, tryna stay up out that ayy
Shit is hotter than a sun that [?]
We don't repeat flows, I speak those
The Migos, the trap black Beatles
Man we froze the heat up, I'm back
Like Mojitos, they sweet tho, but speed like they trap
Got a peephole, I need those, they bring me the snacks like damn
Lil bit of dummies on the rider
Oh that's your girl, it's funny how I find her
Always turnt around somebody should come remind her
I play her then rewind her, then you come wine and dine her, oh

All I really need is a lil bit of this, lil bit of that
All I wanna be is a lil bit of this, lil bit of that
All I wanna see is a lil bit of this, lil bit of that
I ain't tryna OD just give me a lil bit of this, lil bit of that
Lil bit of this, lil bit of that
Lil bit of this, lil bit of that
Lil bit of this, lil bit of that
I ain't tryna OD just give me a lil bit of this, lil bit of that
All I really need is a lil bit of this, lil bit of that
All I wanna be is a lil bit of this, lil bit of that
All I wanna see is a lil bit of this, lil bit of that
I ain't tryna OD just give me a lil bit of this, lil bit of that
