

Own It

Futuristic

Aye
Dawg, I own it
Can't nobody control it
I might let you hold it
Then give it right back, I'm goated
Then give it right back, I'm goated
Dawg, I own it
Can't nobody control it
I might let you hold it
Then give it right back, I'm goated
Then give it right back, I'm goated
Dawg, I own it

Ain't nothing rented, I own it
I make money, then clone it
My bank look like 123000000000000, that's a lot of donuts
Oou, I ain't even need no diploma
I ain't even need no promotion
I ain't never need no ones coaching
That's that good stuff
I ain't even need no ones hosting
Pops taught me never to spend, if I ain't have double
I want it, I get it, no trouble
I copped the crib and the whip both in cash
I run the streets, call me Barney Rubble
Beauty in the struggle, in love with the hustle
Bet on myself, then let nobody judge him
I told him at 5, I was destined to thrive
Now I support the fam off of verbal percussion
Oou, make it for me [?]
Pockets never going be on a diet
If I lose a little I ain't tripping, bring it all into fruition
I'm just living, I ain't with it, if we only here surviving
What about the journey? Its all about the timing
I'm sipping fiji on a private island
My wifey is smiling, my babies is wylng
The food is is delicious, I wish you could try it

Aye
Dawg, I own it
Can't nobody control it
I might let you hold it
Then give it right back, I'm goated
Then give it right back, I'm goated
Dawg, I own it
Can't nobody control it
I might let you hold it
Then give it right back, I'm goated
Then give it right back, I'm goated
Dawg, I own it

I am an originator
Breathe life to the game, I am the defibrillator
Hot as an incinerator
Name in the credits, I'll be sorted in the metadata
Y'all don't know what I seen
Survive don't write to my [?]

Don't be fooled by the shit on IG
When I'm 30 I was nicer than y'all at 19
Been here like Adam and Eve, club don't matter to me
Birds stay chirping, say my name I shatter your knee
Whipping up the chicken on the track, I batter the beast
Doing what I feel, seen the work of [?]
I don't gotta flex when I bomb shit
Run rap, pay me to subscribe like CrossFit
Me and Futuristic on a track
That's Kyrie and Luka out in Dallas, independent on some dumb shit
From the A-town, where we stay down
Use to book shows and travel on greyhounds
Don't do nothing if it ain't for pay now
Lil shawty got lip, I'm shoving her face down
Villain arc, one man villain park
You better learn how to swim with sharks
You dip ya toes, get ripped apart
I stay on, like a listener call, from in this bitch like dawg

Dawg, I own it
Can't nobody control it
I might let you hold it
Then give it right back, I'm goated
Then give it right back, I'm goated
Dawg, I own it
Can't nobody control it
I might let you hold it
Then give it right back, I'm goated
Then give it right back, I'm goated
Dawg, I own it
