

# Playin With

Futuristic

I be sittin' high, so motherfuckin' high, I'm like the sun when I'm coming down (coming down)  
Got a lot of enemies, watching niggas go when I'm chillin' with my homies (don't say shit)  
And everybody knows, I'm a pro like a con when he tryna get that money baby (better have my money)  
Or what I'm trynna say is, I'm the type of motherfucker you should not be

Playin' with, uh, come get the best of me  
Playin' with, uh, come get the best of me

I've been swinging hard, so motherfuckin' hard  
I'm Tiger Woods when I go for par (go for par)  
Nobody can mess with us, feeling like I'm Prince Akeem in "Coming To America" (living like a king)  
And everybody knows, I'm a boss, not a clown cause I don't see nothing funny baby (nothing funny)  
Or what I'm tryna say is, I'm the type of motherfucker you should not be

Playin' with, uh, come get the best of me  
Playin' with, uh, come get the best of me

Yo, I'm like the worst kid on the team  
I promise you don't wanna play with me  
If you think you can handle it, than you livin' in make believe  
I'm Dr. Jay in '83, pull up a chair and take a seat  
Even with a rope around your neck you couldn't hang with me  
You fuckin' with a nigga, who's proven that he can do it  
My attitude 'I ain't mad at you, but have to leave you ruined'  
When you rappin' with other rappers that lackin' making improvement  
They get mad at you for passin' though and cashing damn it's stupid  
I am not human, I might just lose it  
Flow is so sick you would think I had lupus  
God I'm a mute it  
Taking these shots like I'm cupid  
Call of Duty got 'em wounded  
What is you doing, I'm winnin' you losin', I know that you trying to use me to come up  
I work through the night I don't quit till the sun up  
Vacation, don't take them I work in the sauner  
Then I hit the stage everybody be jumping  
They knew that I run it  
I was up and coming, but now I'm that nigga  
They know that I'm buzzing, they look at the numbers  
Wonder how I done it  
Soon as I come in I'm getting respect  
If you try to flex then I come at your neck  
Verified nigga I'm about my checks  
And I get what I'm worth and I take nothing less, man  
I Guess what I'm trynna say is, I am not the type of nigga that you s

hould be

Playin' with, uh, come get the best of me  
Playin' with, uh, come get the best of me
