

# Show Me Something Else

Futuristic

I grow through what I go through  
Look in the mirror, I don't know you  
Trying to break free from the old me  
Locked in the cage with the whole truth  
Walked to the moon in my own shoes  
Traveled that road, its the cold chew  
Wonder what I do, I'm supposed to

(Hey) Show me something else  
Trapped inside yourself  
Crack me out my shell  
Show me something else

Coming in (Coming in)  
Counselling (Counselling)  
Start again (Start again)  
Breathing slow  
Imminent (Imminent)  
Where you been? (Where you been?)  
Tell me shit (Tell me shit)  
Need to know  
No use (No use)  
Attitude (Attitude)  
I ain't mad at you (Mad at you)  
Let it flow  
God say (God say)  
Progress (Progress)  
Fuck it (Fuck it)  
What I used to know  
I was singing songs and crying for someone  
They ain't talked to me over  
I was handling myself  
I was struggling to make it through the day  
They ignoring all my fame  
I got nothing left to say

(Hey) Show me something else (Ah ah)  
Trapped inside yourself (Ah ah ah ah)  
Break me out my shell (Ah ah)  
Show me something else (Ah ah ah ah)

Yeah  
Nobody in my corner near the ropes  
Trying not to repeat the life of my folks  
Know my homies take it all as a joke  
But I keep them within the circle  
I know they need me the most  
Handling problems they'll never solve  
[?]  
Even with all the tools  
Gave him a couple bands  
No they won't understand  
Gotta give them a structure  
Constructed with all the fuels  
But who do I ask when I need advice? (ooh ooh ooh)  
And who do I call when I need the van? (ooh ooh ooh)  
Who do I invest my time in? (ooh ooh ooh)

Just so I can finally have the two cents  
It means something, I mean mugging  
Stammering in the mirror  
Pushing in my self-worth when I'm facing all my fears  
Running through scenarios that got me tearing up my mind  
Asking for a god, hoping that he finally appears

Show yourself  
Life feel crazy when you don't know yourself  
When your trying to inspire  
But you feel like you a liar  
Cause you tell them what to do  
But you can't control yourself  
Everything they can pull  
And I pull myself  
With all the chips on the table, trying to mow myself  
Screaming in my demons, trying to scold myself I ain't got them

(Hey) Show me something else (Ah ah)  
Trapped inside yourself (Ah ah ah ah)  
Crack me out my shell (Ah ah)  
Show me something else (Ah ah ah ah)
