

Take a Ride

Futuristic

Let's go take a ride, I'mma let you drive
Long as I'm by your side side side
Let's go take a ride
Let's go take a ride, I'mma let you drive
Long as I'm by your side side side
Let's go take a ride

Shotgun put my chick first time that I smoke, shotguns in the w
hip grade 6
Shotgun I was yelling as a kid, slugbug hit my brother in the r
ibs that's it
Shotgun in the trunk I was rollin with them thugs and they got
locked up now
Shotgun how I pump in the backseat, but I always kept wrapped u
p yo
I don't like to drive, be that for my guys, we be gettin' high
and rollin'
I don't like to drive, save that for my girl, we pull over can'
t control it ah
In the car, been a star, see me on a 1 on 1 and takin' pics
On the bus, takin' shots, take a piss
That's how I live when I'm taking trips

Let's go take a ride, I'mma let you drive
Long as I'm by your side side side
Let's go take a ride
Let's go take a ride, I'mma let you drive
Long as I'm by your side side side
Let's go take a ride

Drinks spilling when you switching lanes
Looking at you tryna switch a name
I remember when you kissed a lame
Then you came right back to do bigger things
I used to roll in the Volvo, now we ball like Ronaldo
Skrr skrr, gone in sixty seconds they can't find us, where's Wa
ldo?
Homies in the backseats, Rosa Parks
Rollin' with two chicks, Noah's arc
Remember them summers in Arizona
We ain't have no air like Jordan Sparks
Ok, drop-top, hop-scotch, crop-
top, you don't ever know the words
Been the curb, baby girl it's your turn
You gon' learn, tell them [?]

Let's go take a ride, I'mma let you drive
Long as I'm by your side side side

Let's go take a ride
Let's go take a ride, I'mma let you drive
Long as I'm by your side side side
Let's go take a ride
