

## Thin Lines

Futuristic

Whoa, oh

But sometimes I just want some time to  
Hit up my outside girls, oh, yeah, and then slide, so  
I can get mine, you'll get yours when I'm inside, I  
I cross thin lines, yeah, know I cross thin lines, oh

Top down and I'm flyin' now  
Been a long time comin'  
Ride out to the hideout  
With the homie switchin' up the subjects, yuh  
Need a little more discussion, I  
Need escape from all the lovin', yuh  
I got a woman and she give me everything  
But sometimes a nigga buggin'  
She don't ever play me, the head is amazing  
The sex even better, she hold down the crib when I'm gone  
[?] and always keep it all together  
I can't do better, I know that there ain't no wrong  
Know I'd be sick if I was on my own  
Missin' the touch from the moment she gone  
I ain't never felt a feelin' this strong

But sometimes I just want some time to  
Hit up my outside girls, oh, yeah, and then slide, so  
I can get mine, you'll get yours when I'm inside, I  
I cross thin lines, yeah, know I cross thin lines, oh

Sometimes I (Sometimes I), want to sometimes  
Sometimes I just need some time  
Thin lines, I cross these lines  
Thin lines, oh, oh, oh

Dog-ass nigga, huh?  
Yeah, that's how it always go  
You feel so, so deep  
I can't leave 'em alone  
You got rules for me  
I feel trapped in this home  
I just wanna smoke my weed  
Dip, set, laugh with my bros  
Cash with my bros  
Stackin' my dough  
Get back slappin' these tracks  
At the pad with baddies, I know  
I ain't supposed to go and do that  
Come on now, we way too grown  
I don't wanna pick up my phone  
I don't wanna hear that tone

But sometimes I just want some time to  
Hit up my outside girls, oh, yeah, and then slide, so  
I can get mine, you'll get yours when I'm inside, I  
I cross thin lines, yeah, know I cross thin lines, oh

Sometimes I (Sometimes I), want to sometimes  
Sometimes I just need some time

Thin lines, I cross these lines  
Thin lines, oh, oh, oh
