

Yo, I'm in a chip like Herro, three up
Boy I'm 'bout to blow like Hiro-shima
I done broke out like a teenager's face
Can't compete in the race, you a zero, we up
They ain't wanna play with the kid from the jump
I pulled up with the bros with my kicks in the trunk
Seen people get hit boy, lickin' the cut
I always stand out like a stick in the mud
They should know that nobody ain't ever stoppin' me
I'm in the lobby with a little snobby chick on top of me
Get broccoli like D.R.A.M and Lil' Yachty, do it properly
I helped a lot a niggas out man shout out Ali, Tommy, Nick
I'm proud of these homies I've seen grow
Phonys I seen more, E-40 with the flows, just tell me and I'mma
go
Kanye at award events I steal shows
Niggas just steal flows, nigga you still flow?
I ain't even know, man, the fall off crazy
I put in the work and they call off crazy
All too lazy, they can never faze me
Seein' the resemblance and you tell me that it ain't me
You gon' have to pay me, my time is my franklins
Charge by the hour like a ball at the banquet
Haul I'm a patient dog with a chain
And I'm off for the cars you get mauled for a payment
Yeah, that's blue flame killa
Gas throw with the rap flow better fill up
I keep a screw loose like a fill up
Ice on my neck not vanilla nothin' realer
I just count skrilla like I work in the bank
Makin' these deals like a shark in a tank
I ball like KD with the squad in the paint
Talk down and get tossed in the lake, uh
That's how you do a remix with a sweet twist
No tee I'm a genius, better pin this
Like a comment when you see this
Only speak facts, how could you not agree
My degrees turn to 18 on some AZ shit
Where I sleep is, give you game, you can keep it
In the amplifier if you wanna book a feature
Knock 'em out in ten minutes I'm a different creature, I'm gone
